

## **Southend Jet Ski Club**

*'Working in partnership with Southend Foreshore, PWP, Port of London Authority, the Marine Police and Southend-on-Sea Borough Council'*

### **We are pleased to announce the formation of Southend Jet Ski Club**

Due to the increased demand for quality launch sites and the local authorities desire for responsible Watercraft clubs, a group of like minded individuals have come together to create what will hopefully be one of the biggest and friendliest clubs in the country.

Based on the South coast of Essex just 40 miles from London, Southend has a great deal to offer in the way of water sports such as Jet skiing, yachting, cafes, and other facilities. In addition our position at the mouth of the Thames Estuary means there are lots of interesting places to visit on your ski making Southend a unique place to launch from. Sites include old wartime wrecks second world war sea forts, the longest pleasure pier in the world, views to the Kent and Southend coastline, large container ships, and even the opportunity to see a seal or two!

Memberships are now available and members will be able to obtain generous discounts from watercraft suppliers, training providers, and other associated businesses, helping you to purchase the right equipment and get the right training.

Of course, there will always be other members' to share information, and provide assistance particularly if you are new to the sport.

Access to our slipway is at Ness Road, Southend on Sea, SS3, and a preferential permit scheme will be in operation at the start of the new season.

Southend Jet Ski Club is not just about the jet skier, we like to involve the whole family and organise events that cater for all.

We look forward to seeing you at Ness Road slipway in the not too distance future.
